

PARTNERS in Architecture

A FULL-SERVICE ARCHITECTURE, PLANNING AND SUSTAINABLE DESIGN FIRM

Employment Opportunity: ARCHITECTURAL DESIGNER

PARTNERS in Architecture, PLC is looking for an experienced architectural designer to join its growing team, which provides services to local/state/federal governments and K-12 schools.

Architectural Designer:

A team member within our studio environment who specializes in the planning and design of new structures and redesigning existing structures: including collecting information on the design requirements for a building project by interacting with clients to identify specifications and budgets; providing clients with recommendations on suitable architectural design considering factors such as building site, cost, and trend; producing building plans/designs using CAD tools, 3D modeling software and manual technical drawing instruments; creating architectural plans which meet the desired requirement and expectation of clients by designing according to budget and preference; writing meeting reports; facilitating design meetings/presentations and appropriate design modifications. Within the PARTNERS' studio, the architectural designer will need to brainstorm, develop models and present unique design proposals.

Candidates must have an architectural degree from an accredited university and previous experience as an architectural designer. It is a plus to have experience designing municipal and educational facilities.

Required Knowledge and Skills:

- In depth experience with: AutoCAD, SketchUp, Revit, Photoshop, Microsoft Office Suite and other general business software
- Skilled in developing, compiling, and modifying building designs by hand or utilizing computer software
- Ability to brainstorm creative design plans
- Comfort interacting with other designers/architects and clients
- Specific behavioral competencies required to satisfactorily perform the main tasks and responsibilities of the position:
 - Excellent written and verbal English communication skills
 - Ability to listen carefully to other professionals
 - Skill in communicating ideas articulately
 - A self-starter and a quick learner
 - High degree of ability to multitask
 - Ability to prioritize work and manage time effectively
 - Demonstrable integrity and professionalism

Working at PARTNERS is more than just a job; it is an opportunity to positively impact the vitality of communities and education of students.

As a PARTNERS' employee ...

You will become an important member of a creative team where your input will be desired, respected and utilized during project visioning and design.

You will experience:

- ✓ Flexible work environment
- ✓ Work-task variety
- ✓ Diversity of roles
- ✓ Employee enrichment

You will have personal and professional growth nurtured in a collaborative setting, which celebrates creativity and wisdom.
